If honored with a seat in the Council, are well aware that an intelligent public I will do all in my power to maintain the pay very little attention to the frothy enuclastions of these flatulent political economiets, because they are not altogether ignorant of the motives by which they are prompted. There is no passion prove to blind as bigotry, no principle less acrapalous than that governed by capid—felo ity ; and as the present sickly opposition pired by the first and prompted by the latter, we are assured that so far as influencing public opinion is concerned, their efforts will prove utterly abortive We have written thus, not because we deemed it necessary to do so in the interesta of the Government, but simply to Esquimalt Town Road District expect the hollowness of the opposition and the factiousness of their organ.

The Sixth Member of the Bxecutive.

Mr. John Robson and Mr. Humphreys (what a union) finding that the policy of the Gov erament is fully sustained by the House and by the Ministry, are now, by using the columns of the Colonist newspaper, endeavoring to misrepresent the motives of the Government in their proposed addition of one un-paid member in the Executive Council. These gentlemen are very loud-mouthed about up-holding the principles of responsible government and representative institutions ; which ment and representative institutions; which principle the member for Nanaimo always voted against in the old Mainland Legislative Council. This fact was conclusively proved by the Premier during a previous debate this session, by the production of certified copies of the divisions upon that question; Mr. Robsen had to sink into silence before such process, and a more miserable resident. proofs, and a more miserable position was never before witnessed in a deliberative Assembly, than that gentleman occupied, when the proofs were produced. Now let us briefly examine this proposition of the Government. The Constitution at present admits ave members of the Legislature to seats in the Executive Council Board, thus enabling His Excellency the Lieutenant Governor to have directly the benefit of the advice of Ave representatives of the people in council together; but the distribution of these sents sannot be equal and just to all parts of the

this point; and that it would have been sim-ply bravade upon the part of the Premier, had he gone back to his constituents for reelection. That neither the spirit of responsible government, the practice, or the Constitution, contemplates or requires such a course; but Mr. Robson should not have forgotten that Mr. DeCosmos offered to resign Robson would resign his—and by that means test the question before the people. But Mr. Robson reinsed to accept this challenge, well knowing that the people of Nanaimo would

The California, flying the broad pennant Admiral Pennock, came in the other day, and new lies in the harbor, with the Benicis on one side, and H.B.M. corvette Scout on the ther. Just what the Scout came for no one knows, it is shrewdly surmised that the Scott was sent here to protest against Uncle Sam's taking possession. If such a thing had taken place, the Scout would have been just down a load of lumber, which, under the treaty between this government and England, learn that she has any freight this time, except a hundred marines from San Juan (you are aware, probably, that the English have reduced their garrison in that vicinity latel; ) said marines being in transitu for Panama. A special meeting of the City Council was held on Saturday night last. An approximute statement was handed in which shows the assets to be \$4,839 and liabilities \$4,052, leaving a balance in favor of the Corporation smouting to about \$777.

A long and noisy discussion here ensued, resulting in the Board requesting the Mayor to vac te the chair, insamuch as he had in the ropinion refused to execute his duty as chairman. This the Mayor respectfully declined to do, and several mot ons to adjourn the meeting were lost; after which the pro-decings of the Council became a matter of sitting, not speaking, against time, and at about 10:30 p. m. snother motion was put to apread the statement bauded is by the Clerk ipon the minutes, which was carried, and he meeting then separated. > THE latest invention is a talking machine. The New York Mail gives the following account of the novelty:—An interesting entertainment was given last evening, (Friday) in the chapel of the College of the city of New York, for the benefit of Prof. Faber, the in-ventor of the talking machine. The audience was large and the exercises were creditable. Prof. Compton's lecture in explanation of the chine was comprehensive and interesting He then showed by experiment and other wise how sound was the result of vibrations in the atmosphere; how a rod plate, bell, string, reed
